To: All non-Government Universities / Colleges in India

Dear Sir/Madam,

As you may be aware, the Government of India, through the Ministry of Education, has initiated the One Nation One Subscription (ONOS) initiative for providing access to e-Journals to academic and R&D institutions. **The objective of ONOS is to ensure equitable, affordable, and nationwide access to high-quality scholarly resources, while optimizing national expenditure through centralized negotiations.**

The initiative is limited to only Government Institutions in the first phase. It is proposed to expand the reach of this initiative to non-Government academic Institutions in the next phase. **The proposed expansion aims to create a more inclusive and integrated national research ecosystem by extending the benefits of coordinated access to non-Government institutions on a structured contribution basis.**

In this regard, the Core Committee of ONOS has decided to conduct a survey to gauge the interest of non-Government institutions in joining this initiative on a contribution basis. The survey will also include the details of e-journals subscriptions from the non-Government Institutions for the last two years (2024 & 2025). **The data collected will help assess current expenditure patterns, identify overlaps, and enable evidence-based planning for Phase II implementation.**

The INFLIBNET Centre, Gandhinagar, being the executing agency for the ONOS initiative, has developed an ONLINE SURVEY System for this purpose which can be accessed at <https://www.onos.gov.in/>. The Institutions must have an AISHE code for participating in this survey. **Submission of accurate and complete data will be critical for ensuring appropriate cost modelling and subscription coverage in the proposed expansion.**

You are, therefore, requested to kindly submit your subscription details with the other required data latest by April 15, 2026. The contribution of your institution's data will help us in planning and implementing the next phase of ONOS for the inclusion of non-Government Institutions. **Your cooperation will play an important role in shaping a sustainable and equitable national knowledge framework.**

For any assistance/help, you may reach us through email (support@onos.gov.in) or telephonically (079-23268240/43/44/45).

Looking forward for your support co-operation for this initiative.

Thanks and Regards

Prof. Devika P Madalli
Director, INFLIBNET Centre
